**PUBLIC HEARING TO REQUEST FUNDS FROM THE COMMUNITY IMPACT BOARD TO CONSTRUCT AN EMERGENCY EQUIPMENT STORAGE FACILITY IN EPHRAIM FOR THE START TEAM AND OTHER RELATED MATTERS**

Beverly Thomas, Sheriff Kevin Holman, Jon Iverson, Greg Peterson, Kevin P Conover, Boyce Mulder, and Skyler Davies are present. Jon Iverson explains that the building has increased in size from the original proposal to 10 bays. Sheriff Holman explains that the original proposal was for a building to be used for storage only. The new plan has restrooms, heating, and a training facility. Possible funding is discussed. If the County is required to pay part of the costs of this building, where would those funds come from? Trustee Jarrett states the first request was for a storage building, and now the facility has grown considerably. The new jail has ample space for training at this time. Beverly Thomas states that Sanpete County has been designated by Homeland Security as the leader and example to the rest of the state as far as START teams go. They would like this area to be a central area for training, and an example to the rest of the State. Sheriff Holman explains that a lot has been invested in equipment, and they need to be able to store and protect it. Trustee Cox states he can't support this building at the proposed costs. Trustee Jarrett explains that the county needs to be cautious with new debts at this time with the new jail payments and ongoing maintenance that will need to be made. The Sheriff's Office will review their proposal, and make another request at a later date.
